

Charge for household waste

Starts from
April 1, 2021

Handa City designated garbage bag changes from yellow to green

Newly designated garbage bag (burnable garbage)

Large 45ℓ 1 bag 10 pieces 500 yen
Small 30ℓ 1 bag 10 pieces 300 yen
Extra small 20ℓ 1 bag 10 pieces 200 yen

* Sales price includes consumption tax

The new bag will be on sale from February

The designated garbage bag (yellow) you are currently using cannot be used when you put it out at the garbage station after April 1, 2021. Please make a planned purchase.

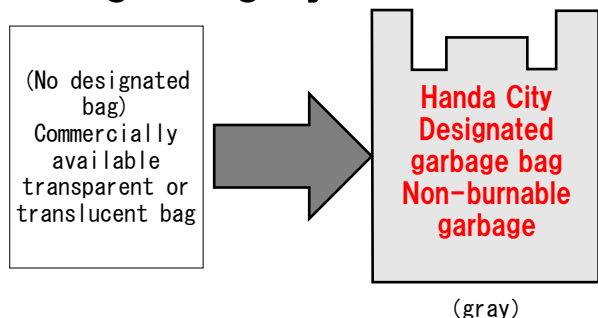

Designated resource recovery bag (white) does not change

When you take out PET bottles, plastic containers and packaging, paper containers and packaging, and other papers to the garbage station, put them in the "designated resource recovery bag" and put them out to the garbage station as before.

Separate resources properly
Let's reduce garbage!

Non-burnable garbage is also designated as a designated garbage bag system.

Newly designated garbage bag (Non-burnable garbage)

Large 45ℓ 1 bag 10 pieces 500 yen
Small 30ℓ 1 bag 10 pieces 300 yen
Extra small 20ℓ 1 bag 10 pieces 200 yen

* Sales price includes consumption tax

The new bag will be on sale from February

After April 1, 2021, please put it out at the garbage station in the designated garbage bag (gray).

There is a charge for bringing household waste to the clean center.

Depending on the weight of household waste (burnable waste, non-burnable waste, oversized waste),

100 yen per 10 kilograms

Fee will be charged.

Bringing in resources is still free.
